Data Quality Report Template

The Data Quality Report Template will summarize data quality issues from the selected source, including severity levels and resolution plans. It will aid in systematically identifying and rectifying data discrepancies.

Data Source	Data Quality Issue	Severity	Resolution Plan
Kaggle	All the images are not of the same size .	Low	We have resized the all images into one size
Kaggle	limited diversity and quantity	Moderate	We have performed data augmentation techniques including rescale, shearing, zooming, flipping, etc.
Kaggle	All the pixel values are not in the same range.	Moderate	We have scaled the pixel values of images to a standard range.
